Introduction

The Borough has established a Stream Protection Fee (SPF) which will provide a dedicated funding source for the ongoing expenses associated with the Borough's stormwater management system and compliance with Pennsylvania Department of Environmental Protection Municipal Separate Stormwater System (MS4) permit requirements. All developed parcels in the Borough will be required to pay the fee, which is based on the impervious coverage of the parcel. Property owners are entitled to appeal the user fee in accordance with the procedures in this manual and the Stream Protection Fee Ordinance ("SPF Ordinance").

Overview

Property owners are entitled to appeal the user fee, per Section 11 – "Appeals" of the SPF Ordinance. This manual has been prepared to detail the policies and application procedures by which a property owner can appeal the SPF.

Appeal of Stream Protection Fee

Objective

The appeal process is established to provide relief if a property owner believes the provisions of the SPF Ordinance have been applied in error. A property owner may appeal in accordance with the provisions described in greater detail in this manual.

Appeals Policies

The basis for an appeal may include, but is not limited to the following:

1. Incorrect parcel information;
2. Inaccurate impervious area calculation;
3. Inaccurate Tier category assignment;
4. Mathematical error.

A Special Conditions Appeal (SCA) which addresses a circumstance where the property owner can demonstrate that the stormwater runoff from their parcel is not placing the same demand on the Borough system or services provided under the stormwater program as other impervious area. A property owner may appeal their SPF as a Special Conditions Appeal (SCA), provided the owner can demonstrate that:

5. Their parcel(s)'s stormwater runoff impact on the stormwater system or services is significantly less than suggested by its amount of impervious area; and
6. Their parcel or a portion thereof drains completely outside of the Borough.

All applicants must be current with their stormwater fees to be eligible for a SCA.

Application

For all appeals, the property owner must submit an application using the Appeal Application form provided by the Borough and include supporting documentation as further described herein.

Special Condition Appeal Reduction of Stormwater Fee

If a SCA is approved the reduction in fee will only be applied to the portion of the impervious area that the property owner has demonstrated has less or no impact on the system or program of services and

drains outside of the Borough. The following calculation will be applied:

Any property which drains completely outside of the Borough is not a developed property and is not responsible for the Stream Protection Fee.

As for those properties which drain partially outside of the Borough & partially inside the Borough, the percentage of impervious area of such property which drains outside of the Borough will be excluded from the calculation made for the purposes of Section 94A-6. B. of this Ordinance.

If an appeal results in the reduction or elimination of the property's SPF, the Borough will provide a refund to the Property Owner, as applicable.
